Friends of the Littlestown Library began as an ad hoc committee of the Littlestown General Federation of Women’s Club, which has supported Littlestown’s library for years.

In 2008, they formed a committee to explore finding a new permanent home for the library. After visiting a number of civic groups during 2009, the Friends organization was founded in the first public meeting in November 2009.

Friends affiliated with the Pennsylvania Citizens for Better Libraries for 501c3 charity status, allowing tax deductible donations. The organization works closely with the Borough of Littlestown and Adams County Library System to raise funds.
