# An All In(clusive) Story Time

## Things You Can Do At Home

Here are some things suggested by Miss Nicole that you can do at home.

Draw your own Dog or find a picture online. Put it behind some plastic and tape it to a baking sheet. Find different things that are the same as Dog's colors: black, red, blue, green, brown, yellow, pink, gray, orange, and purple. Glue your different colored materials to magnates and then have fun telling Dog's story yourself. Don't forget to wash him when you're done!

You can also tell the story without magnets by just using your bits of colored materials and placing them on your picture of dog or by coloring the spots with dry erase markers.
