Things You Can Do At Home

Here are some things suggested by Miss Nicole that you can do at home.

Pete loves his buttons but they keep popping off. Make your own “button popper”. With a grown-ups help, cut the bottom of a cup off then cut the top of a balloon off. Pull the cut opening of the balloon over the hole in the cup. Put a button into the cup and then pull the open end of the balloon down, and let go. POP!
