## Things You Can Do At Home

Here are some things suggested by Miss Nicole that you can do at home.

Make your own snow, then have fun squishing it around and make snowmen.

Mix together hair conditioner and baking soda in a container. Once you get it to the consistency you want, have fun playing in the snow!

If you'd like to make it safe for hungry hands, make some edible snow. Mix 10 cups of flour with 6 ounces of oil(vegetable, olive, coconut, etc.) If you'd like a thicker consistency, add more oil. For more fluffier snow, add more flour.

Have fun!
