Things You Can Do At Home

Here are some things suggested by Miss Nicole that you can do at home.

Go digging and make a mess just like Cookie. Bury some toys in some shaving cream in a Tupperware container. Freeze the container then dig into the mess! Dye the shaving cream for more fun. You can also change the shaving cream to whipped cream for some yummy digging.

Make your own calendar. Cookie does something every day of the week. Draw something you did each day and put the name of the day at the top. By the end of the week, you have your own calendar!
