

Ms. Mary is our neighbor who lives across the street. During COVID-19 this spring she made us cookies and let us pick up sticks in her yard. She had a yardsale and gave us screws and nails and toys. This was extra special because they were Mr. Clydes. He died in February. Now, whenever we build things at our house and use his stuff, he will always be there with us. The best part is that we got to know Ms. Mary very well and now it's like we have a special grammy across the street.
