

My Kindness Essay

By: Brennan Horton

It is always important to be kind but during covid19 it is even more important. One person who showed this kindness was my fourth grade teacher Mrs. Robison. She showed it during online learning this spring.

One special thing Mrs. Robison did was visit all of the students' houses at the end of the school year. When she came to our houses she brought something for all of the students and extra things for the people who got student of the month. Another thing she did was set up games on zoom. She set up games like kahoot, riddle games, and guess the baby picture. She also organized an online talent show for all of the fourth graders at my school. She took us on a fun virtual field trip to hawaii and we saw all of the different volcanoes.

Mrs. Robison was such a great teacher at school and during online learning. She helped us grow so much. I am thankful for her kindness.
